PROFILE

As a highly motivated individual with a strong foundation in web development and a bachelor's degree in Information Technology earned in 2021, I am enthusiastic about taking my career to the next level as a Full Stack Web Developer. Drawing from my successful tenure as a Retail Branch Manager, where I honed my leadership and customer centric skills, I'm excited to demonstrate how my unique blend of experience and technical knowledge makes me an ideal candidate.

WORK EXPERIENCE

Full Stack Web Developer

EZdev Solutions (PTY) Ltd

December 2022 - Present

I am responsible for creating dynamic and user-friendly web applications, making use of a modern tech stack that includes Next.js, React.js, and Tailwind CSS. My role involves a broad spectrum of tasks, ranging from front-end development and UI/UX design to CMS integration, e-commerce solutions, database management, server-side development, version control, performance optimization, security, testing and debugging, documentation, collaboration, and continuous learning.

Full Stack Web Developer

DPTS (PTY) Ltd

November 2020 - December 2022

I led a web development team at DPTS, building dynamic websites and e-commerce stores for international clients. This included code migration, administration, and support of cloud-hosted environments on Microsoft Azure. This hands-on experience complemented my theoretical knowledge from my three-year bachelor's degree in information technology.

Branch Manager

The Lighting Warehouse

June 2018 — Present

Directing all operational aspects including distribution, customer service, human resources, administration, and sales in accordance with the company's objectives. Providing training, coaching, development, and motivation for branch personnel. Developing forecasts and financial objectives.

Sales Manager

The Lighting Warehouse

August 2016 - May 2018

Sales Consultant

The Lighting Warehouse

June 2014 - July 2016

Administrator

Precision Financial Services

January 2014 - April 2014

RE: Letter of Recommendation

To whom it may concern,

Anthony Kruger was contracted to redevelop the Digital Stream website, internally we did not have the expertise or time to build the website over on a new framework and we had a number of issues with new integrations we needed to implement with regards to marketing the business. During the time of the redevelopment of the Digital Stream website, Anthony reported directly to me, the Creative Director.

It is my pleasure to recommend Anthony Kruger for the position of web developer. He is passionate about writing code and solving clients' problems through the development of creative and innovative software. He has tremendous potential that is not being fulfilled in his current position.

Anthony dedicated focus and time on this project in his spare time which he still managed to complete in an impressive two weeks. Not only did he rebuild the website over in the new framework, but he simplified and cleaned the source code for easier maintenance.

It's clear to see that Anthony is dedicated to providing quality work. He checked and rechecked the website rebuild before turning it in for presentation. He is detail oriented, and we could not find any bugs in the finished product which is exactly what we expected. In my meetings with Anthony, he easily comprehended instructions quickly and was flexible when changes needed to be made versus the original website that we had.

I hope you will consider Anthony Kruger for a job as a web developer. I am confident that he can meet any challenge you place before him, and I believe you would be exceedingly pleased with his work should you choose to hire him. Please feel free to contact me if you have questions or want to discuss Anthony's qualifications further. I can be reached at +27 74 155 3850 or via email at dillon.adams@digitalstream.co.za.

Yours sincerely,

Dillon Adams
Creative Director

RICHFIELD
